

UNCOMPROMISING CONVENIENCE, REIMAGINED

Rising from the core of 300 feet Purbachal expressway, Swadesh Avenue is an impressive first-in-class development forming a powerful footprint where all modes of public transportation converge. This prime office opportunity features a double height lobby entrance on Avenue, a full-service amenity floor exclusive for building tenants and plentiful space for productivity and respite with multiple landscaped roof terraces boasting this premium Grand Central locale.

A COMMANDING PRESENCE IN THE CITYSCAPE

At over 390,000 square feet, Q Center and Hotel will be a thriving community made up of state-of-the-art designed office spaces, curated food, retail, pop-up experiences, abundant green space, homes and a boutique hotel.

From local staples to world-class brand experiences, an ever-expanding assortment of great dining and shopping are all within convenient reach. An upscale twin tower complex featuring forward-thinking specifications that one would expect from a modern day building.

In addition to an incredible location, users will benefit from the space efficiency afforded by virtually column-free floors, multiple amenities, high ceilings, endless natural light and breath-taking vistas.

THE HEART OF THE CITY FOR THE GLOBAL MINDSET

Q Center and Hotel is located between Dhaka's newest neighborhood, 300 feet Purbachal Express, on the East and WestDhaka. While the growing East offers tranquility away from the buzzing city life, West delivers cultural destinations,restaurants,prestigious universities and world class hospitals.

A 5-minute drive from the "Kuril-Bishwaroad" flyover the developments sits approximately 15 minutes away from Dhaka's Hazrat Shajalal International Airport.

THE OFFICE OF THE FUTURE

Today's workplace is a place where health and wellness, sustainability, and easy access to transportation are the essential drivers. These are the elements that will attract talent and make your office investment go further. By creating light, air, and space as an architectural strategy, these timeless base building attributes are now even more essential for tenants to feel comfortable and safe. Spaces with abundant natural light, enhanced air filtration, and generous common areas for circulation, waiting, and staging will be the most desirable.
